MONSTERCOOKER

High quality products to clients with competitive prices.

We, HAN-A TOOLS CO.,LTD. Established in 1999, HAN-A TOOLS CO., LTD. has succeeded in domestically producing coping saw blade used in DIY through 3years of R&D.

Hence, we developed and launched the "Magic Saw" (Coping Saw), and have strived to develop hand tools (Magic saw, Magic wrench, Magic sharpener and Magic cutter) and also kitchenware (Double side pan, Barbecue skewer grill and Monster cooker). Through the technology that has acquired 32 overseas and 87 domestic intellectual property rights, we provide our products to 40 countries including U.S.A., Japan, Germany, and France. To become a company endeared by our customers, we put utmost priority to quality and strive for customer satisfaction through trust and sincerity.

We always try to remember when we first started this business, Committed to becoming a leading enterprise and collaboration with our partners and customers based on our motto" to make valuable products that meet our customers".

Monster Cooker Multi Pan

Monster Cooker is an advanced concept multicookers that make the various dishes available with just one set of pans, no need of many different kinds of pans, since it can be transformed to many kind of kitchenware with special hinges.

MONSTERCOOKER

Monster Cooker Multi Pan

Specialties of function

- ◆ Every pans of Monster Cooker Multi Pan can be transformed as a frying pan, wok pan, double sided frying pan etc. with a hinge skill that acquired a patent makes to easily combine and separate (Patent No.10-1465551, No.10-1436041)
- ◆ Water Lock which is a patented skill that one of Monster Cooker Multi Pan set maximizes the sealing by intensive spraying of top coating material on the special structure of half-circle in upper and bottom pans. This protect the steam during cooking and prevent leaking. (Patent No.10-1438378)
- ◆ Comparing to normal double sided frying pan, the rivet of Monster Cooker Multi Pan set composed brass(+) and stainless steel(-). it improves quality of products as the part looks elegant and sanitary. moreover, those rivets perfectly combined thus it never separated. (Patent No.10-1427569)

Enjoy various cuisines with Monster Cooker!

Monster Cooker Multi PAN is operated on every stove including an induction range.

- ◆ Six functions of kitchen wares in one MONSTER COOKER!
- ◆ The test of "ONE MILLION TIMES of Abrasion Resistance" completed!
- ◆ The test of "Salt spray test (300 hours)" completed!
- ◆ Five innovative patent skills!
- ◆ This is made by HAN-A TOOLS, exporting over 40 countries worldwide!
- ◆ The manufacturer with 135 intellectual properties!

Bottom grill frying pan

Can be used as a frying pan. You can make Cross-Hatch Grill Marks on steak! Food looks tastier~

Structure of hinge

Patent 10-146551
Patent 10-1436041

Water Lock

Patent 10-1438378

Glass lid

Bottom pan could be used as a pot for stew with glass lid and a steamer with Steam board

Upper frying pan

Monster Cooker double side pan is separable due to functional hinges, which makes easy and cleaner finish possible

Steaming function of double side pan

Patent 10-1211355

Special stainless steel rivet and magnet function

Patent 10-1427569

Bottom wok pan

It is available for making soup, you can cook more various menus with 28cm deep wok

Various performances

Special Stainless Rivet and Magnet Mechanism

The handle is equipped with special stainless rivet and a powerful magnet mechanism which fixes two pans securely together.

Patented technology : Water Lock

Water Lock, an innovative solution in the Monster Cooker, maximizes airtightness. The compact joint between the top pan and the bottom features an extra topcoat which keeps moisture when cooking.

Quantanium Coating

Quantanium Coating is a special technology that has 30~40 micron thickness. Dot-coating layers stack up to create a consistent coating material, protecting the pan for prolonged use.

Premium DIE-Casting

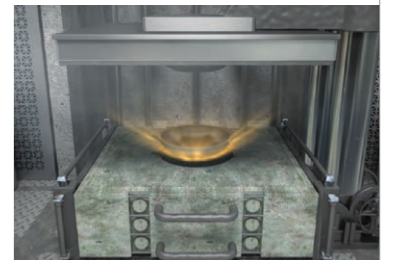

Premium DIE-Casting technology minimizes damage to the metal against high temperature and impact.

ONE Million Time-Abrasion Test Completed

Certification from an authorized inspection Agency of Japan

Test of Corrosion Resistance in Brine Completed!!

Testing Organization: Korea Conformity Laboratories

Cook diverse dishes,
Feel a lot of functions!

Do you still use all kitchen
wares separately?

Get a whole cookware set in
one with the Monster Cooker!

Enjoy the versatility while
saving space in the kitchen!
